Golf Course Mechanic

Overview

Under the direction of the golf course superintendent, the golf course mechanic assists and/or works independently in the repairing and maintenance of various gasoline- and diesel-powered golf course maintenance equipment. The mechanic also will maintain a clean service area and maintenance building, contributes to a preventative maintenance program, and places safety procedures as a top priority.

Functions

- Communicates any needs or problems relating to maintenance or repair of equipment to the Superintendent and assistant Superintendent.
- Inspects, diagnoses, adjusts and repairs mechanical defects/failures in various pieces of golf course maintenance equipment on a regular basis.
- Prioritizes equipment repair and maintenance work.
- Have knowledge of purchasing while adhering to budgets.
- Sets up and modifies new equipment as needed.
- Repairs and adjusts engines and cutting mechanisms on various heavy and light mowing equipment.
- Keeps maintenance equipment, oiled and inspected; and performs related tasks as required. Maintain detailed records of maintenance being performed, as well as provide a proactive approach alongside our Greens Superintendent to monitor equipment and troubleshoot any deficiencies in performance.

Qualifications:

- Class A Mechanic License is considered an asset.
- Working knowledge of the general operation of gasoline-, diesel- and electric-powered equipment; the proper methods of servicing golf course equipment; and the repair and adjustment of power mowing equipment; sharpening and set up of rotary blades and hand tools for course maintenance.
- Working knowledge of the hazards and safety precautions of the profession.
- Proficiency in computer use, knowledge of Microsoft Office and other applications as specified by supervisor.
- Ability to work in a variety of weather conditions while repairing equipment.
- Ability to understand and follow oral and written direction.
- Mechanical ability; ability to use common mechanical tools.

- Ability to maintain cooperative working relationships with other employees and the public.
- Maintenance of a clean and safe work environment.
- Assistance in maintaining a clean and well-organized parts inventory room.
- Adherence to the proper recycling and/or disposal of various oils, compounds and other fluids (antifreeze, oil filters, etc.).
- Assistance in an effective, daily inspection of golf course maintenance equipment.
- Possession of a valid driver's license, possibly a commercial driver's license (CDL).

Competitive Wage and Compensation Package available based on experience.

- Extended health benefits including life insurance.
- RRSP contribution.
- Performance incentive.
- Paid vacation
- Meal allowance.
- Clothing allowance.
- Excellent golfing privileges.
- Discount on Golf Shop merchandise.

Job Type: Full Time.
